I have served on the Williams Shire Council for 14 years, and the Shire President for 3 years. Having lived in Williams my entire life and now raising my own family in Williams, I am a strong advocate for the development of the Williams Community.

As an owner / operator of an agricultural business I also understand the importance of striving to maintain and provide opportunities to boost our local economy for local business owners.

I am passionate about continuing to work towards sustainable economic development. I strongly believe that the Williams Shire is a vibrant and community orientated region.

The Williams Community is largely driven by the agricultural industry, tourism and agri-business related developments. With this in mind, I understand the importance of maintaining our road network, as this is a vital link to not only our community, but as a main freight and tourism network, this also supports our economy.
