I am nominating for council this election based on a strong affinity to our community & a desire to make a real, tangible difference to the future.

I believe that I have the skills & knowledge after over 25 years in local government, as well as service on regional boards (RDA Wheatbelt & Wheatbelt Development Commission), which has enabled the cultivation of a deep understanding of community needs & infrastructure development. I have a well-balanced understanding of the real challenges faced in rural communities.

With a blend of strong governance acumen, financial understanding, approachability and authenticity in representing our community, as well as a hands-on approach to rural challenges, I believe I can offer a strong foundation to representation as an elected member.

I currently farm part-time on our family farm and work part-time for CRISP Wireless, a local internet service provider based in Narrogin. I am a proud parent to two adult children, Chris (25) & Michael (22).
