Background

The Royal Commission into Institutional Responses to Child Sexual Abuse (Royal Commission) was established in 2013 to investigate failures of public and private institutions to protect children from sexual abuse. The Royal Commission released three reports throughout the inquiry:

- Working with Children Checks (August 2015);
- Redress and Civil Litigation (September 2015); and
- Criminal Justice (August 2017).

The Royal Commission's Final Report (15 December 2017) incorporated findings and recommendations of the three previous reports and contained a total of 409 recommendations, of which 310 are applicable to the Western Australian Government and the broader WA community.

The implications of the Royal Commission's recommendations are twofold: the first is accountability for historical breaches in the duty of care that occurred before 1 July 2018 within any institution; the second is future-facing, ensuring better child safe approaches are implemented holistically moving forward.

The scope of this report addresses only the historical element of institutional child sexual abuse through the National Redress Scheme.

All levels of Australian society (including the WA local government sector and the Shire of Williams) will be required to consider leading practice approaches to child safeguarding separately in the future.

National Redress Scheme

The Royal Commission's Redress and Civil Litigation (September 2015) Report recommended the establishment of a single National Redress Scheme (the Scheme) to recognise the harm suffered by survivors of institutional child sexual abuse.

The Scheme acknowledges that children were sexually abused, recognises the suffering endured, holds institutions accountable and helps those who have been abused access counselling, psychological services, an apology and a redress payment.

The Scheme commenced on 1 July 2018, will run for 10 years and offers eligible applicants three elements of Redress:

- A direct personal response (apology) from the responsible institution, if requested;
- Funds to access counselling and psychological care; and
- A monetary payment of up to \$150,000.

All State and Territory Governments and many major non-government organisations and church groups have joined the Scheme.

The WA Parliament has passed the legislation for the Government and WA based nongovernment organisations to participate in the National Redress Scheme.

The Western Australian Government (the State) started participating in the Scheme from 1 January 2019.

Under the National Redress Scheme for Institutional Child Sexual Abuse Act 2018 (Cth), local governments may be considered a State Government institution.

A decision was made at the time of joining the Scheme to exclude WA local governments from the State Government's participation declaration. This was to allow consultation to occur with the sector about the Scheme, and for fuller consideration of how the WA local government sector could best participate.

Comment

Following extensive consultation, the State Government (December 2019):

- Noted the consultations undertaken to date with the WA local government sector about the National Redress Scheme;
- Noted the options for WA local government participation in the Scheme;
- Agreed to local governments participating in the Scheme as State Government institutions, with the State Government covering payments to the survivor; and
- Agrees to the Department of Local Government, Sport and Cultural Industries (DLGSC) leading further negotiations with the WA local government sector regarding local government funding costs, other than payments to the survivor including counselling, legal and administrative costs.

The following will be covered for local governments participating in the Scheme as a State Government institution and part of the State's declaration:

- Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination of requests for information and record keeping in accordance with the *State Records Act 2000*); and
- Trained staff to coordinate and facilitate a Direct Personal Response (DPR Apology) to the survivor if requested (on a fee for service basis with costs to be covered by the individual local government – see below for further explanation).

State Government financial support for local government participation in the Scheme, as set out, will ensure that Redress is available to as many WA survivors of institutional child sexual abuse as possible.

Individual local governments participating in the Scheme as a State Government institution, with the State will be responsible for:

- Providing the State with the necessary (facilities and services) information to participate in the Scheme;
- Resources and costs associated with gathering their own (internal) information and providing that information (Request for Information) to the State (if they receive a Redress application); and
- Costs associated with the delivery of a DPR (apology), if requested (based on a standard service fee, plus travel and accommodation depending on the survivor's circumstance). The State's decision includes that all requested DPR's will be coordinated and facilitated by the Redress Coordination Unit – Department of Justice, on every occasion.

The WALGA State Council meeting of 4 March 2020:

- Acknowledged the State Government's decision to include the participation of Local Governments in the National Redress Scheme as part of the State's declaration;
- 2. Endorsed the negotiation of a Memorandum of Understanding and Template Service Agreement with the State Government, and
- 3. Endorsed by Flying Minute the Memorandum of Understanding prior to execution, in order to uphold requirements to respond within legislative timeframes.

The State and WALGA will sign a Memorandum of Understanding to reflect the principles of WA local governments participating in the Scheme as State Government institutions and being part of the State's declaration.

State agencies (led by DLGSC), WALGA and Local Government Professionals WA will support all local governments to prepare to participate in the Scheme from 1 July 2020 (or earlier, subject to completing the necessary arrangements).

The State's decision allows for the WA Government's Scheme participation declaration to be amended to include local governments and this report seeks endorsement of the Shire of Williams' participation in the Scheme.

As an independent entity and for absolute clarity, it is essential that the Shire of Williams formally indicates via a decision of Council, the intention to be considered a State Government institution (for the purposes on the National Redress Scheme) and be included in the WA Government's amended participation declaration.

The Shire of Williams will not be included in the State's amended declaration, unless it formally decides to be included.

The financial and administrative coverage offered by the State will only be afforded to WA local governments that join the Scheme as a State Government institution, as part of the State's amended declaration.

The option also exists for the Shire of Williams to formally decide not to participate in the Scheme (either individually or as part of the State's declaration).

Should the Shire of Williams formally decide (via a resolution of Council) not to participate with the State or in the Scheme altogether, considerations for the Shire of Williams include:

- Divergence from the Commonwealth, State, WALGA and the broader local government sector's position on the Scheme (noting the Commonwealth's preparedness to name-and-shame non-participating organisations).
- Potential reputational damage at a State, sector and community level.
- Complete removal of the State's coverage of costs and administrative support, with the Shire of Williams having full responsibility and liability for any potential claim.
- Acknowledgement that the only remaining method of redress for a victim and survivor would be through civil litigation, with no upper limit, posing a significant financial risk to the Shire of Williams.

Considerations for the Shire of Williams

Detailed below is a list of considerations for the Shire of Williams to participate in the Scheme:

1. <u>Executing a Service Agreement</u>

All Royal Commission information is confidential, and it is not known if the Shire of Williams will receive a Redress application. A Service Agreement will only be executed if the Shire of Williams receives a Redress application.

The Shire of Williams needs to give authority to an appropriate position / officer to execute a service agreement with the State, if a Redress application is received. Timeframes for responding to a Request for Information are 3 weeks for priority applications and 7 weeks for non-priority applications. A priority application timeframe (3 weeks) will be outside most Council meeting cycles and therefore it is necessary to provide the authorisation to execute an agreement in advance.

2. <u>Reporting to Council if / when an application is received</u>

Council will receive a confidential report, notifying when a Redress application has been received. All information in the report will be de-identified but will make Council aware that an application has been received.

3. Application Processing / Staffing and Confidentiality

Administratively the Shire of Williams will determine:

- Which position(s) will be responsible for receiving applications and responding to Requests for Information;
- Support mechanisms for staff members processing Requests for Information.

The appointed person(s) will have a level of seniority in order to understand the magnitude of the undertaking and to manage the potential conflicts of interest and confidentiality requirements

4. <u>Record Keeping</u>

The State Records Office advised (April 2019) all relevant agencies, including Local Governments, of a 'disposal freeze' initiated under the *State Records Act 2000* (the Act) to protect past and current records that may be relevant to actual and alleged incidents of child sexual abuse. The Shire of Williams' record keeping practices as a result, have been modified to ensure the secure protection and retention of relevant records. These records (or part thereof) may be required to be provided to the State's Redress Coordination Unit in relation to a Redress application.

The Redress Coordination Unit (Department of Justice) is the state record holder for Redress and will keep copies of all documentation and RFI responses. Local Governments will be required to keep their own records regarding a Redress application in a confidential and secure manner, and in line with all requirements in *The Act*.

5. <u>Redress Decisions</u>

The Shire of Williams should note that decisions regarding Redress applicant eligibility and the responsible institution(s), are made by Independent Decision Makers, based on the information received by the applicant and any RFI responses. The State Government and the Shire of Williams do not have any influence on the decision made and there is no right of appeal.

Consultation

The State, through the Department of Local Government, Sport and Cultural Industries (DLGSC), consulted with the WA local government sector and other key stakeholders on the Royal Commission into Institutional Responses to Child Sexual Abuse (in 2018) and the National Redress Scheme (in 2019).

The consultation throughout 2019 has focused on the National Redress Scheme with the aim of:

- raising awareness about the Scheme;
- identifying whether WA local governments are considering participating in the Scheme;
- identifying how participation may be facilitated; and
- enabling advice to be provided to Government on the longer-term participation of WA local governments.

Between March and May 2019, DLGSC completed consultations that reached 115 out of 137 WA local governments via:

- Webinars to local governments, predominately in regional and remote areas;
- Presentations at 12 WALGA Zone and Local Government Professional WA meetings;
- Responses to email and telephone enquiries from individual local governments.

It was apparent from the consultations local governments were most commonly concerned about the:

- potential cost of Redress payments;
- availability of historical information;
- capacity of local governments to provide a Direct Personal Response (apology) if requested by Redress recipients;
- process and obligations relating to maintaining confidentiality if Redress applications are received, particularly in small local governments;
- lack of insurance coverage of Redress payments by LGIS, meaning local governments would need to self-fund participation and Redress payments.

LGIS published and distributed an update (April 2019) regarding the considerations and (potential) liability position of the WA local government sector in relation to the National Redress Scheme.

The WALGA State Council meeting on 3 July 2019 recommended that:

- 1. WA local government participation in the State's National Redress Scheme declaration with full financial coverage by the State Government, be endorsed in principle, noting that further engagement with the sector will occur in the second half of 2019.
- 2. WALGA continue to promote awareness of the National Redress Scheme and note that local governments may wish to join the Scheme in the future to demonstrate a commitment to the victims of institutional child sexual abuse.

DLGSC representatives presented at a WALGA hosted webinar on 18 February 2020 and presented at all WALGA Zone meetings in late February 2020.

The State's decision, in particular to cover the costs / payments to the survivor, has taken into account the feedback provided by local governments during the consultation detailed above.

Strategic Implications

This item aligns with the community's vision and aspirations as contained in the Shire of Williams Strategic Community Plan 2017 to 2032. Specifically, it relates to the following strategy(s):

SCD 1.3 Maintain a safe and secure environment for the community.

CL 2.2 Maintain accountability, transparency and financial responsibility.

The Shire of Williams in agreeing to join the Scheme, is required to adhere to legislative requirements set out in the National Redress Scheme for Institutional Child Sexual Abuse Act 2018 (Cth).

Authorisation of an appropriately appointed person to execute a service agreement with the State, if a Redress application is received, will be in accordance with s.9.49A(4) of the Local Government Act 1995.

Financial Implications

The State's decision will cover the following financial costs for local governments:

- Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination or requests for information and record keeping); and
- Trained staff to coordinate and facilitate a Direct Personal Response (DPR Apology) to the survivor if requested (on a fee for service basis with costs to be covered by the individual local government see below).

The only financial cost the local government may incur will be the payment of the DPR's, which is on an 'as requested' basis by the survivor. This will be based on the standard service fee of \$3,000 plus travel and accommodation depending on the survivor's circumstances. All requested DPR's will be coordinated and facilitated by the Redress Coordination Unit – Department of Justice.

The State's decision also mitigates a significant financial risk to the local government in terms of waiving rights to future claims. Accepting an offer of redress has the effect of releasing the responsible participating organisation and their officials (other than the abuser/s) from civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme. This means that the person who receives redress through the Scheme, agrees to not bring or continue any civil claims against the responsible participating organisation in relation to any abuse within the scope of the Scheme.

1. SUMMARY - WA LOCAL GOVERNMENT: ROYAL COMMISSION AND REDRESS

The Western Australian Government (the State), through the Department of Local Government, Sport and Cultural Industries (DLGSC), has been consulting with the WA local government sector and other key stakeholders on the Royal Commission into Institutional Responses to Child Sexual Abuse (in 2018) and the National Redress Scheme (in 2019).

The consultation throughout 2019 has focused on the National Redress Scheme (the Scheme) with the aim of:

- raising awareness about the Scheme;
- identifying whether WA local governments are considering participating in the Scheme;
- identifying how participation may be facilitated; and
- enabling advice to be provided to Government on the longer-term participation of WA local governments.

Following this initial consultation and feedback gathered, the State Government considered a range of options regarding WA local government participation in the Scheme and reached a final position in December 2019.

DLGSC, supported by the Departments of Justice and Premier and Cabinet, will again engage with WA local governments in early 2020, to inform of the:

- State's decision and the implications for the sector (see <u>Section 4</u>);
- Support (financial and administrative) to be provided by the State; and
- Considerations and actions needed to prepare for participation in the Scheme from 1 July 2020 (see <u>Section 5</u>).

DLGSC's second phase of engagement with WA local governments is summarised in the table below:

2. CURRENT SITUATION - WA LOCAL GOVERNMENT PARTICIPATION IN THE NATIONAL REDRESS SCHEME

The WA Parliament passed the legislation required to allow for the Government and WA based non-government institutions to participate in the National Redress Scheme for Institutional Child Sexual Abuse (Commonwealth Powers) Act 2018 (WA) took effect on 21 November 2018.

The WA Government commenced participating in the Scheme from 1 January 2019.

The State Government's Redress Coordination Unit within the Office of the Commissioner for Victims of Crime, Department of Justice:

- Acts as the State Government's single point of contact with the Scheme;
- Coordinates information from State Government agencies to the Scheme; and
- Coordinates the delivery of Direct Personal Responses (DPR) to redress recipients (at their request) by responsible State Government agencies to redress recipients.

CURRENT TREATMENT OF WA LOCAL GOVERNMENTS IN THE SCHEME

Under the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth), Local Governments may be considered a State Government institution.¹

There are several considerations for the State Government and Local Governments (both individually and collectively) about joining the Scheme.

The State Government considers a range of factors relating to organisations or bodies participation in the Scheme, before their inclusion in the declaration as a State Government institution. These factors include the capability and capacity of the agencies or organisations to:

- Respond to requests for information from the State Government's Redress Coordination Unit within prescribed timeframes;
- Financially contribute to the redress payment made by the Scheme on behalf of the agency or body; and
- Comply with the obligations of participating in the Scheme and the Commonwealth legislation.

A decision was made at the time of joining the Scheme to exclude WA local governments from the State Government's declaration. This was to allow consultation to occur with the local government sector about the Scheme, and for fuller consideration to be given to the mechanisms by which the sector could best participate in the Scheme.

¹ Section 111(1)(b).

Page 4 – National Redress Scheme – DLGSC Information Paper FINAL (Feb2020)

3. CONSULTATION TO DATE WITH WA LOCAL GOVERNMENT SECTOR

The Department of Local Government, Sport and Cultural Industries (DLGSC) has been leading an information and consultation process with the WA local government sector about the Scheme. The Departments of Justice and Premier and Cabinet (DPC) have been supporting DLGSC in the process, which aimed to:

- Raise awareness about the Scheme;
- Identify whether local governments are considering participating in the Scheme;
- Identify how participation may be facilitated; and
- Enable advice to be provided to Government on the longer-term participation of WA local governments.

DLGSC distributed an initial *Information and Discussion Paper* in early January 2019 to WA local governments, the WA Local Government Association (WALGA), Local Government Professionals WA (LG Pro) and the Local Government Insurance Scheme (LGIS). Between March and May 2019, DLGSC completed consultations that reached 115 out of 137 WA local governments and involved:

- an online webinar to 35 local governments, predominantly from regional and remote areas;
- presentations at 12 WALGA Zone and LG Pro meetings; and
- responses to email and telephone enquiries from individual local governments.

It was apparent from the consultations that the local government sector had, at the time, a very low level of awareness of the Scheme prior to the consultations occurring, and that little to no discussion had occurred within the sector or individual local governments about the Scheme. Local governments were most commonly concerned about the:

- Potential cost of redress payments;
- Availability of historical information;
- Capacity of local governments to provide a Direct Personal Response (apology) if requested by redress recipients;
- Process and obligations relating to maintaining confidentiality if redress applications are received, particularly in small local governments;
- Lack of insurance coverage of redress payments by LGIS, meaning local governments would need to self-fund participation and redress payments.

LGIS Update (April 2019) – National Redress Scheme

LGIS published and distributed an update regarding the considerations and (potential) liability position of the WA local government sector in relation to the National Redress Scheme.

WALGA State Council Resolution

The WALGA State Council meeting of 3 July 2019 recommended that:

- 1. WA local government participation in the State's National Redress Scheme declaration with full financial coverage by the State Government, be endorsed in principle, noting that further engagement with the sector will occur in the second half of 2019.
- 2. WALGA continue to promote awareness of the National Redress Scheme and note that local governments may wish to join the Scheme in the future to demonstrate a commitment to the victims of institutional child sexual abuse.

It is understood that this recommendation was made with knowledge that it is ultimately a State Government decision as to whether:

- Local governments can participate in the Scheme as part of the State's Government's declaration; and
- The State Government will fund local government redress liability.

4. WA GOVERNMENT DECISION - FUTURE PARTICIPATION OF WA LOCAL GOVERNMENTS IN THE NATIONAL REDRESS SCHEME

Following the initial consultation process, a range of options for local government participation in the Scheme were identified by the State Government including:

1. WA Local governments be **excluded** from the State Government's declaration of participating institutions.

This means that: local governments may choose not to join the Scheme; or join the Scheme individually or as group(s), making the necessary arrangements with the Commonwealth and self-managing / self-funding all aspects of participation in the Scheme.

2. WA Local governments be **included** in the State Government's declaration of participating institutions.

There were three sub-options for ways local government participation as a State Government institution could be accommodated:

- a. Local governments cover all requirements and costs associated with their participation;
- b. The State Government covers payments to the survivor arising from local governments' participation, with costs other than payments to the survivor (including counselling, legal and administrative costs) being funded by local governments; or
- c. An arrangement is entered into whereby the State Government and local governments share the requirements and costs associated with redress for example, on a capacity to pay and deliver basis.

The State Government considered the above options and resolved via the Community Safety and Family Support Cabinet Sub-Committee (December 2019) to:

- Note the consultations undertaken to date with the WA local government sector about the National Redress Scheme;
- Note the options for WA local government participation in the Scheme;
- Agree to local governments participating in the Scheme as State Government institutions, with the State Government covering payments to the survivor; and
- Agree to the DLGSC leading further negotiations with the WA local government sector regarding local government funding costs, other than payments to the survivor including counselling, legal and administrative costs.

KEY ASPECTS OF THE STATE'S DECISION

For clarity, the State's decision that means the following financial responsibilities are to be divided between the State Government and the individual local government that has a Redress application submitted, and then subsequently accepted by the Scheme Operator as a Redress claim.

State Government

The State Government will cover the following:

- Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination of requests for information and record keeping); and
- Trained staff to coordinate and facilitate a Direct Personal Response or DPR (Apology) to the survivor if requested (on a fee for service basis with costs covered by the individual local government see below).

Individual Local Government

The individual local government will be responsible for:

- Costs associated with gathering their own (internal) information if requested in a Redress application;
- Providing the State with the necessary information to participate in the Scheme; and
- Costs associated the delivery of a DPR (based on a standard service fee, plus travel and accommodation depending on the survivor's circumstance). *

* note – The State's decision includes that all DPR's will be coordinated and facilitated by the Redress Coordination Unit (Department of Justice) on every occasion, if a DPR is requested by the survivor.

This decision was made on the basis that:

- State Government financial support for local government participation in the Scheme, as set out, will ensure that redress is available to as many WA survivors of institutional child sexual abuse as possible.
- The demonstration of leadership by the State Government, as it will be supporting the local government sector to participate in the Scheme and recognising the WALGA State Council resolution of 3 July 2019, is consistent with the local government sector's preferred approach.
- Contributes to a nationally consistent approach to the participation of local governments in the Scheme, and particularly aligns with the New South Wales, Victorian and Tasmanian Governments' arrangements. This provides opportunity for the State Government to draw on lessons learned through other jurisdictions' processes.
- Ensures a consistent and quality facilitation of a DPR (by the State) if requested by the survivor.
- State Government financial support for any local government redress claims does not imply State Government responsibility for any civil litigation against local governments.

Noting the State's decision, a range of matters need to be considered and arrangements put in place to facilitate local governments participating with the State Government's declaration and meeting the requirements of the Scheme. Those arrangements will:

- provide for a consistent response to the Scheme by WA Government institutions, and for WA survivors accessing the Scheme; and
- mitigate concerns raised by local governments during consultations about complying with the processes and requirements of the Scheme.

5. CONSIDERATIONS FOR WA LOCAL GOVERNMENTS

Following the State's decision, a range of matters need to be considered by each local government and in some cases, actions taken in preparation for participating in the Scheme, these include:

CONFIDENTIALITY

- Information about applicants and alleged abusers included in RFIs (Requests for Information) is sensitive and confidential and is considered protected information under *The National Redress Act*, with severe penalties for disclosing protected information.
- Individual local governments will need to consider and determine appropriate processes to be put in place and staff members designated to ensure information remains confidential.

APPLICATION PROCESSING / STAFFING

- The timeframes for responding to an RFI are set in *The Act* and are 3 weeks for priority application and 7 weeks for non-priority applications. This RFI process will be supported by the State (DLGSC and the Redress Coordination Unit).
- Careful consideration should be given to determining which position will be responsible for receiving applications and responding to RFIs, due to the potentially confronting content of people's statement of abuse.
- Support mechanisms should be in place for these staff members, including access to EAP (Employee Assistance Program) or other appropriate support.
- The need for the appointed position and person(s) to have a level of seniority in order to understand the magnitude of the undertaking and to manage the potential conflicts of interest.
- The responsible position(s) or function(s) would benefit from being kept confidential in addition to the identity of the person appointed to it.

RECORD KEEPING

- The Redress Coordination Unit (Department of Justice) is the state record holder for Redress and will keep copies of all documentation and RFI responses. Local Governments will be required to keep their own records regarding a Redress application in a confidential and secure manner, and in line with all requirements of the *State Records Act 2000*.
- Consider secure storage of information whilst the RFI is being responded to.

REDRESS DECISIONS

- Decisions regarding redress applicant eligibility and responsible institution(s) are made by Independent Decision Makers, based on the information received by the applicant and any RFI responses. The State government does not have any influence on the decision made.
- There is no right of appeal.

MEMORIALS

• Survivors (individuals and / or groups) from within individual communities may ask about the installation of memorials. The State Government's view is to only consider memorialising groups, however locally, this is a decision of an individual local government.

6. NEXT STEPS – PREPARATION FOR WA LOCAL GOVERNMENT PARTICIPATION IN THE SCHEME

In addition to the second-phase information process outlined in section 1, the State will develop:

1. A Memorandum of Understanding (MOU) - to be executed between the State and WALGA following the (WALGA) State Council meeting on 4 March 2020.

The MOU will capture the overall principles of WA local governments participating in the Scheme as State Government institutions and being part of the State's declaration; and

 Template Service Agreement – that will be executed on an 'as needed' basis between the State and an individual local government, if a redress application is received.

DLGSC and the Department of Justice will work with WALGA / LGPro and all local governments to prepare for participation in the Scheme including:

- Identifying appropriate positions, staff and processes to fulfil requests for information;
- Ensuring local governments have delegated authority to an officer to execute a service agreement with the State if needed;

The State will prepare a template Council report, where all WA local governments will be asked to delegate authority to an appropriate officer in advance, able to execute a service agreement if required. This is necessary as priority requests for information under the Scheme, are in a shorter turnaround time than Council meeting cycles and therefore, cannot be undertaken at the time.

- Ensuring local government have established appropriate processes and can fulfil Scheme obligations (particularly in terms of confidentiality, record keeping etc); and
- Gathering the necessary facility and service information from all individual local governments to commence participation in the Scheme. This information will be provided to the Commonwealth, loaded into the Scheme database and used to facilitate an individual local government's participation in the National Redress Scheme.

ROYAL COMMISSION INTO INSTITUTIONAL RESPONSES TO CHILD SEXUAL ABUSE – FURTHER INFORMATION

The Royal Commission into Institutional Responses to Child Sexual Abuse (the Royal Commission) was established in January 2013, to investigate systemic failures of public and private institutions² to protect children from child sexual abuse, report abuse, and respond to child sexual abuse. The Royal Commission's Terms of Reference required it to identify what institutions should do better to protect children in the future, as well as what should be done to:

- achieve best practice in reporting and responding to reports of child sexual abuse;
- eliminate impediments in responding to sexual abuse; and
- address the impact of past and future institutional child sexual abuse.

The Western Australian Government (State Government) strongly supported the work of the Royal Commission through the five years of inquiry, presenting detailed evidence and submissions and participating in public hearings, case studies and roundtables.

The Royal Commission released three reports throughout the inquiry: *Working with Children Checks (August 2015); Redress and Civil Litigation (September 2015) and Criminal Justice (August 2017).* The Final Report (Final Report) of the Royal Commission into Institutional Responses to Child Sexual Abuse incorporated the findings and recommendations of the previously released reports and was handed down on 15 December 2017. To access a full version of the Royal Commission's Findings and the Final Report, follow the link at <u>https://www.childabuseroyalcommission.gov.au/</u>

The Royal Commission made 409 recommendations to prevent and respond to institutional child sexual abuse through reform to policy, legislation, administration, and institutional structures. These recommendations are directed to Australian governments and institutions, and non-government institutions. One specific recommendation was directed at Local Government, while many others will directly or indirectly impact on the organisations that Local Government works with and supports within the community.

Of the 409 recommendations, 310 are applicable to the Western Australian State Government and the broader WA community.

• Does not include the family.

² * For clarity in this Paper, the term 'Institution' means any public or private body, agency, association, club, institution, organisation or other entity or group of entities of any kind (whether incorporated or unincorporated), however described, and:

Includes for example, an entity or group of entities (including an entity or group of entities that no longer exist) that provides, or has at any time provided, activities, facilities, programs or services of any kind that provide the means through which adults have contact with children, including through their families

THE WESTERN AUSTRALIAN GOVERNMENT RESPONSE TO THE ROYAL COMMISSION

The State Government examined the 310 applicable recommendations and provided a comprehensive and considered response, taking into account the systems and protections the State Government has already implemented. The State Government has accepted or accepted in principle over 90 per cent of the 310 applicable recommendations.

The State Government's response was released on 27 June 2018 fulfilling the Royal Commission recommendation 17.1, that all governments should issue a formal response within six months of the Final Report's release, indicating whether recommendations are accepted; accepted in principle; not accepted; or will require further consideration. The WA Government's response to the Royal Commission recommendations can be accessed at:

http://www.dpc.wa.gov.au/childabuseroyalcommission

The State Government has committed to working on the recommendations with the Commonwealth Government, other states and territories, local government, non-government institutions (including religious institutions) and community organisations.

The State Government's overall approach to implementation of reforms is focused on:

- Stronger Prevention (including Safer Institutions and Supportive Legislation)
 - Create an environment where children's safety and wellbeing are the centre of thought, values and actions;
 - Places emphasis on genuine engagement with and valuing of children;
 - Creates conditions that reduce the likelihood of harm to children and young people.
- Reliable Responses (including Effective Reporting)
 - Creates conditions that increase the likelihood of identifying any harm;
 - Responds to any concerns, disclosures, allegations or suspicions of harm.
- Supported Survivors (including Redress).

Many of the recommendations of the Royal Commission have already been addressed through past work of the State Government, and others working in the Western Australian community to create safe environments for children. This work is acknowledged and where appropriate, will be built upon when implementing reforms and initiatives that respond to the Royal Commission's recommendations.

NATIONAL REDRESS SCHEME - FURTHER INFORMATION

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single national redress scheme to recognise the harm suffered by survivors of institutional child sexual abuse.

The National Redress Scheme (the Scheme):

- Acknowledges that many children were sexually abused in Australian institutions;
- Recognises the suffering they endured because of this abuse;
- Holds institutions accountable for this abuse; and
- Helps people who have experienced institutional child sexual abuse gain access to counselling and psychological services, a direct personal response, and a redress-payment.

The National Redress Scheme involves:

- People who have experienced institutional child sexual abuse who can apply for redress;
- The National Redress Scheme team Commonwealth Government staff who help promote the Scheme and process applications;
- Redress Support Services free, confidential emotional support and legal and financial counselling for people thinking about or applying to the Scheme;
- Participating Institutions that have agreed to provide redress to people who experienced institutional child sexual abuse; and
- Independent Decision Makers who will consider applications and make recommendations and conduct reviews.

The National Redress Scheme formally commenced operation on 1 July 2018 and offers eligible applicants three elements of redress:

- A direct personal response from the responsible institution, if requested;
- Funds to access counselling and psychological care; and
- A monetary payment of up to \$150,000.

Importantly, the Scheme also provides survivors with community based supports, including application assistance; financial support services; and independent legal advice. The Scheme is administered by the Commonwealth Government on behalf of all participating governments, and government and non-government institutions, who contribute on a 'responsible entity pays' basis.

Institutions that agree to join the Scheme are required to adhere to the legislative requirements set out in the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth).

More information on the Scheme can be found at <u>www.nationalredress.gov.au</u> or the <u>National Redress Guide</u>.

SURVIVORS IN THE COMMUNITY

Throughout the five years of its inquiry, the Royal Commission heard detailed evidence and submissions, and held many public and private hearings, case studies and roundtables. Most notably, the Royal Commission heard directly from survivors of historical abuse.

The Royal Commission reported that survivors came from diverse backgrounds and had many different experiences. Factors such as gender, age, education, culture, sexuality or disability had affected their vulnerability and the institutions response to abuse.

The Royal Commission, however, did not report on the specific circumstances of individuals with the details of survivors protected; the circumstances of where and within which institutions their abuse occurred is also protected and therefore unknown. Further, survivors within the WA community may have chosen to not disclose their abuse to the Royal Commission.

Accordingly, it is not known exactly how many survivors were abused within Western Australian institutions, including within Local Government contexts. Within this context of survivors in the community, who may or may not be known, consideration needs to be given to how all institutions, including local governments, can fulfil the Royal Commission's recommendation in relation to redress.

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single national redress scheme to recognise the harm suffered by survivors of institutional child sexual abuse. This report also recommended that Governments around Australia remove the limitation periods that applied to civil claims based on child sexual abuse, and consequently prevented survivors – in most cases – pursuing compensation through the courts.

As a result of reforms made in response to these recommendations, WA survivors now have the following options to receive recognition of their abuse:

- Pursing civil court action(s) against the perpetrator and/or the responsible institution. The *Civil Liability Legislation Amendment (Child Sexual Abuse Actions) Act 2018* (WA) took effect on 1 July 2018, removing the limitation periods that previously prevented persons who had experienced historical child sexual abuse from commencing civil action.
- 2. Applying to the National Redress Scheme, which provides eligible applicants with a monetary payment, funds to access counselling and an apology. Note, to receive redress the responsible institution(s) will need to have joined the Scheme.

TREATMENT OF LOCAL GOVERNMENTS BY OTHER JURISDICTIONS

At the time of the State Government joining the Scheme, only two jurisdictions had made a decision about the treatment of local governments. All jurisdictions have since agreed to include local governments within their respective declarations, with the exception of South Australia (SA). The SA Government is still considering their approach.

It is understood that all jurisdictions, with the exception of SA, are either covering the redress liability associated with local government participation in the Scheme or entering into a cost sharing arrangement. The table below provides a summary of other jurisdictions' positions.

Jurisdiction	Position
Commonwealth	 No responsibility for local governments. The Commonwealth Government has indicated preference for a jurisdiction to take a consistent approach to the participation of local governments in the Scheme.
Australian Capital Territory (ACT)	 ACT has no municipalities, and the ACT Government is responsible for local government functions. ACT has therefore not been required to explore the issue of local government participation in the Scheme.
New South Wales (NSW)	 In December 2018, the NSW Government decided to include local councils as NSW Government institutions and to cover their redress liability. The NSW Office for Local Government is leading communications with local councils about this decision. NSW's declaration of participating institutions will be amended once preparation for local council participation is complete.
Northern Territory (NT)	 The NT Government has consulted all of the Territory's local governments, including individually visiting each local government. NT is in the process of amending Territory's declaration of participating institutions to include local governments.
Queensland	 Queensland is finalising a memorandum of understanding (MOU) with the Local Government Association of Queensland to enable councils to participate in the Scheme as State institutions. The MOU includes financial arrangements that give regard to individual councils' financial capacity to pay for redress.
South Australia (SA)	 Local governments are not currently included in the SA Government's declaration The SA Government is still considering its approach to local governments.
Tasmania	 Local Governments have agreed to participate in the Scheme and will be included as a state institution in the Tasmanian Government's declaration. A MOU with local governments is being finalised, ahead of amending Tasmania's declaration.
Victoria	 The Victorian Government's declaration includes local governments. The Victorian Government is covering local governments' redress liability.
Western Australia (WA)	 The WA Government has excluded local governments from its declaration, pending consultation with the local government sector.

TIMEFRAME TO JOIN THE SCHEME

Institutions can join the Scheme within the first two years of its commencement. This means that institutions can join the Scheme up to and including 30 June 2020 (the second anniversary date of the Scheme). The Commonwealth Minister for Social Services may also provide an extension to this period to allow an institution to join the Scheme after this time. However, it is preferred that as many institutions as possible join the Scheme within the first two years to give certainty to survivors applying to the Scheme about whether the institution/s in which they experienced abuse will be participating.

If an institution has not joined the Scheme, they are not a participating institution. However, this will not prevent a person from applying for redress. In this circumstance, a person's application cannot be assessed until the relevant institution/s has joined the Scheme. The Scheme will contact the person to inform them of their options to either withdraw or hold their application. The Scheme will also contact the responsible institution/s to provide information to aid the institution/s to consider joining the Scheme.

THE SCHEME'S STANDARD OF PROOF

The Royal Commission recommended that 'reasonable likelihood' should be the standard of proof for determining eligibility for redress. For the purposes of the Scheme, 'reasonable likelihood' means the chance of the person being eligible is real and is not fanciful or remote and is more than merely plausible.

When considering a redress application, the Scheme Operator must consider whether it is reasonably likely that a person experienced sexual abuse as a child, and that a participating institution is responsible for an alleged abuser/s having contact with them as a child. In considering whether there was reasonable likelihood, all the information available must be taken into account.

Where a participating institution does not hold a record (i.e. historical information), the Scheme Operator will not be precluded from determining a person's entitlement to redress. The information to be considered by the Scheme Operator includes:

- The information contained in the application form (or any supplementary information provided by a person by way of statutory declaration);
- Any documentation a person provided in support of their application;
- The information provided by the relevant participating institution/s in response to a Request for Information from the Operator, including any supporting documentation provided; and
- Any other information available including from Scheme holdings (for example where the Scheme has built up a picture of relevant information about the same institution during the relevant period, or the same abuser).

It should be noted that the 'reasonable likelihood' standard of proof applied by the Scheme is of a lower threshold (or a lower standard of proof) than the common law standard of proof applied in civil litigation – the 'balance of probabilities'. Please see 11.7 of the Royal Commission's *Redress and Civil Litigation Report (2015)* for additional information on the difference between the two.

MAXIMUM PAYMENT AND SHARED RESPONSIBILITY

The amount of redress payment a person can receive depends on a person's individual circumstances, specifically the type of abuse the person experienced.

A person may only make one application for redress. The maximum redress payment payable under the scheme to an applicant is \$150,000 in total.

The payment of redress is made by the institution(s) found responsible for exposing the individual to the circumstances that led to the abuse.

There may be instances where one or more institutions are found to be jointly responsible for the redress payment to a person, and instances where a person may have experienced abuse in one or more different institutions. In such situations, the redress payable by an institution will be apportioned in accordance with the Scheme's assessment framework - see https://www.legislation.gov.au/Details/F2018L00969 and method statement - see https://guides.dss.gov.au/national-redress-guide/4/1/1

Prior payments made by the responsible institution for the abuse to the applicant (e.g. ex-gratia payments) will be taken into account and deducted from the institutions' redress responsibility.

EFFECT OF AN APPLICANT ACCEPTING AN OFFER OF REDRESS

Accepting an offer of redress has the effect of releasing the responsible participating institution/s and their officials (other than the abuser/s) from civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme. This means that the person agrees to not bring or continue any civil claims against the responsible participating institution/s in relation to any abuse within the scope of the Scheme.

If a responsible participating institution/s is a member of a participating group, the person will be releasing the other associated institutions and officials within that group from any civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme.

Accepting an offer of redress also has the effect of preventing a responsible participating institution from being liable to contribute to damages that are payable to the person in civil proceedings (where the contribution is to another institution or person).

In accepting the offer of redress, a person will also be consenting to allow the participating institution/s or official/s to disclose the person's acceptance of redress offer in the event that a civil claim is made. The Scheme must provide a copy of the person's acceptance of offer to each responsible institution for their records once received.

Note – the acceptance of an offer of redress does not exclude the pursuance or continuance of criminal proceedings against the abuser(s).

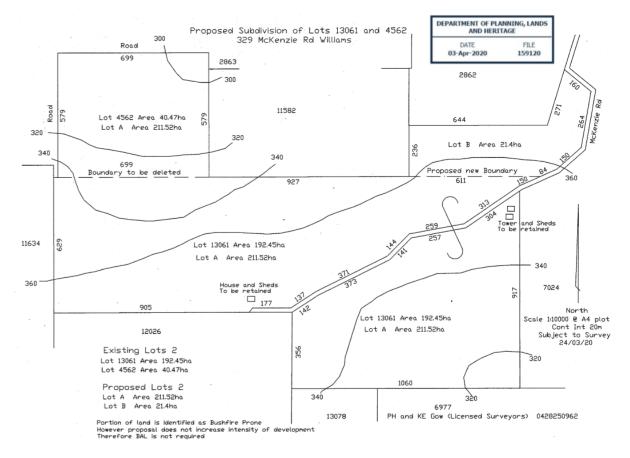

8.1.2 PROPOSED SUBDIVISION LOTS 13061 & 4562 MCKENZIE ROAD, WILLIAMS

File Reference	10.64.20
Statutory Ref.	Shire of Williams Town Planning Scheme No.2
Author & Date	Geoff McKeown 22 April 2020

Background

An application has been lodged with the Western Australian Planning Commission (WAPC) seeking planning approval to subdivide and amalgamate Lots 13061 and 4562 McKenzie, Williams. The WAPC has referred the application to the Shire of Williams for comment (by 21 May 2020).

The lots included in the proposal are shown on the following plan:

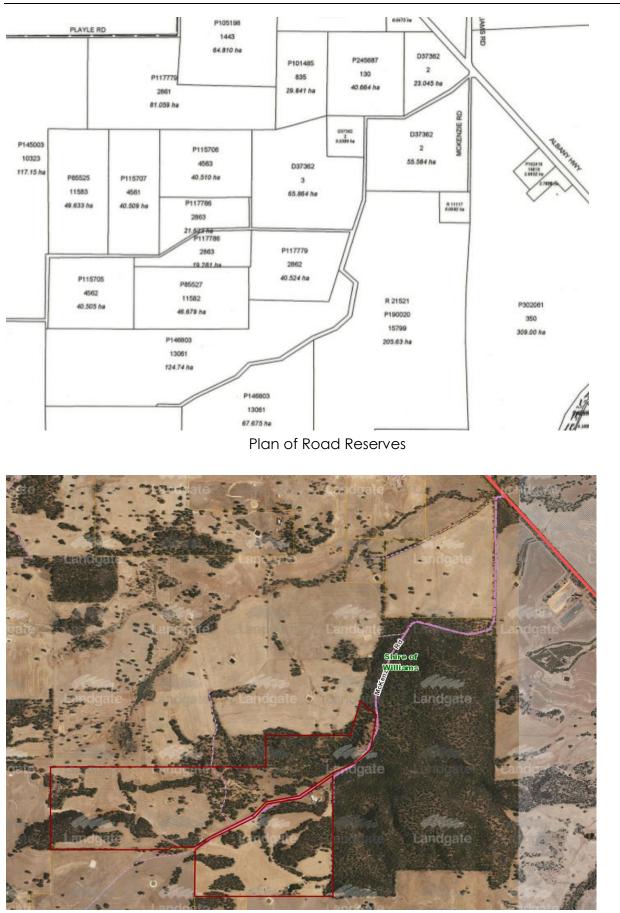

Comment

Description of Application

There is no supporting letter with the application. However, consultation with the applicant indicates that the proposal seeks to provide constructed road frontage to the proposed two lots. McKenzie Road commences at the Albany Highway. A section of constructed road, not on a gazetted road reserve, passes through the Williams Nature Reserve as shown on the following plans:

Plan Highlighting Constructed Road

Proposed Lots A and B will have frontage to McKenzie Road, where it is constructed on the gazetted road reserve.

Shire of Williams Town Planning Scheme No 2

The lots are zoned 'Rural' under the Shire of Williams Town Planning Scheme No 2 ('the Scheme').

Under the Shire's Scheme there is a general presumption against subdivision of rural land unless the lots have already been divided by a significant physical feature, the lots are for farm adjustment, the lots are for specific uses (recreation) or the lots are for the establishment of uses ancillary to the rural use of the land.

> State Planning policy: Development Control Policy 3.4 – Subdivision of Rural Land There is also a general presumption against subdivision of rural land under the WAPC's Development Control Policy 3.4 ('DCP 3.4') which states that 'the creation of new or smaller lots will be by exemption'.

DCP 3.4 outlines exceptional circumstances where subdivision of rural land will be considered as followed:

- Re-alignment of boundaries with no increase in the number of lots.
- Protection of heritage places
- Homestead lots (between 1-20 hectares)
- For public utilities.

All applications are assessed in accordance with stringent criteria aimed at preventing fragmentation of rural land, maintaining lot sizes suitable for continued agriculture, and protecting agricultural land from ad-hoc unplanned subdivision.

The proposed subdivision application does not propose to increase the number of lots and therefore complies with the Shire's Scheme and WAPC Development Control Policy 3.4.

Accordingly, it is recommended that the application be supported.

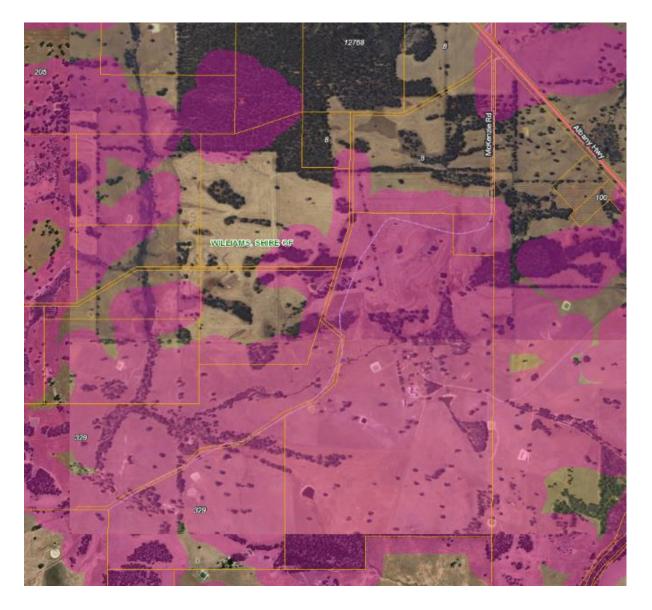

Bush Fire Prone Mapping

There is on line mapping which identifies all land in bushfire prone areas for the whole of Western Australia – available on www.dfes.wa.gov.au. An extract of the map as it applies to lots that are the subject to this application is highlighted on the following page.

The bush fire prone areas have been designated by the Fire and Emergency Services Commissioner.

A new State Planning Policy, State Planning Policy 3.7 Planning in Bushfire Prone Areas (SPP 3.7) was gazetted on Monday, 7 December 2016.

SPP 3.7 directs how land use should address bushfire risk management in Western Australia. It applies to all land which has been designated as bushfire prone by the Fire and Emergency Services (FES) Commissioner as highlighted on the Map of Bush Fire Prone Areas. SPP 3.7 requires all new subdivision applications entailing land identified as Bushfire Prone to be supported with a Bushfire Attack Level (BAL) contour map. However, the WAPC Planning Bulletin 111/2016 states that State Planning Policy 3.7 applies to applications for subdivision except for amalgamations or boundary realignments. As this proposed boundary realignment will not result in an increased bushfire risk, no detailed fire assessment is required at this stage. Any potential future development on the site will require appropriate assessment at that time.

8.1.3 WILLIAMS COMMUNITY RESOURCE CENTRE

File Reference	4.21.05	
Statutory Ref.	Local Government Act 1995 and Local Government (Functions and	
	General) Regulations 1996	
Author & Date	Geoff McKeown 30 April 2020	
Attachments	Attachment 1 – draft Deed of Lease	
	Attachment 2 – draft Memorandum of Understanding	
	Attachment 3 – draft Fee for Service Contract	

Background

In June 2017 the Shire and the Williams Community Resource Centre Committee (WCRC) negotiated new administrative arrangements for the operation of the Community Resource Centre and delivery of library and other services. These arrangements have continued since that time and are due to expire on 30 June 2020.

Comment

The WCRC is an independent not-for-profit association. A number of agreements were negotiated with the WCRC as the organisation transitioned to become fully independent of the Shire in 2017. The agreements due to expire on the 30 June 2020 include:

- 1. Lease of the Premises at 5 Brooking Street, Williams;
- 2. Memorandum of Understanding between the Shire and WCRC; and
- 3. Fee for Service Agreement for the provision of library services.

Statutory Implications

Section 3.58 of the Local Government Act 1995 outlines the requirement for disposing of property. The term 'dispose' includes selling, leasing, or otherwise disposing of, whether absolutely or not. An exemption exists from having to meet the requirements of this section of the Act when the disposal is to a body where the objects of which are cultural and educational. An extract of the Local Government (Functions and General) Regulations 1996 follows:

30. Dispositions of property excluded from Act s. 3.58

(1) A disposition that is described in this regulation as an exempt disposition is excluded from the application of section 3.58 of the Act.

- (2) A disposition of land is an exempt disposition if
 - (b) the land is disposed of to a body, whether incorporated or not —

(i) the objects of which are of a charitable, benevolent, religious, cultural, educational, recreational, sporting or other like nature; and

(ii) the members of which are not entitled or permitted to receive any pecuniary profit from the body's transactions;

Policy Implications

Entering into a fee for service contract for the delivery of library services raises an issue with regard to Council's Purchasing Policy. The fee for service contract is proposed for a two (2) year period and the total value of the contract is approximately \$77,397.

There is justification not to invite quotes in this situation due to the unique nature of the service; the fact that it is provided in a Shire owned building; and the unlikely situation where another provider will operate this service in Williams.

The Shire's Purchasing Policy outlines a sole source supply arrangement may be approved where the:

- purchasing value is estimated to be over \$5,000; and
- purchasing requirement has been documented in a detailed specification; and
- specification has been extensively market tested and only one potential supplier has been identified as being capable of meeting the specified purchase requirement; and
- market testing process and outcomes of supplier assessments have been documented, inclusive of a rationale for why the supply is determined as unique and cannot be sourced through more than one supplier.

A sole source of supply arrangement will only be approved for a period not exceeding three (3) years. For any continuing purchasing requirement, the approval must be reassessed before expiry to evidence that a Sole Source of Supply still genuinely exists.

Strategic Implications

This item aligns with the community's vision and aspirations as contained in the Shire of Williams Strategic Community Plan 2017 to 2032. Specifically, it relates to the following strategy(s):

SCD 2.4Continue to promote community events, initiatives and programsCL 2.2Maintain accountability, transparency and financial responsibility

Financial Implications

The value of rental in the lease agreement and the fee for service contract for library services amount remain unchanged for the duration of the period up to 30 June 2022 in the draft documents. This is supported by the WCRC Management Committee that met to consider these arrangements on the 29 April 2020.

Officer's Recommendation

That Council:

- 1. Agree to continue the deed of lease for the premises located at 5 Brooking Street, Williams with the Williams Community Resource Centre Inc. (WCRC) up to the 30 June 2022, including the rent amount and electricity contribution limit determined at the Council Meeting held on the 17th May 2017 (Resolution 208/17);
- 2. Endorse the Memorandum of Understanding with the WCRC pertaining to the use and management of the premises, and provision of library services and community programs;
- 3. Accept the fee for service contract with the WCRC for the provision of library services, acknowledging that the value of the contact exceeds the quoting threshold contained in the Shire's Purchasing Policy and recognising that due to the unique nature and location of the service it is unlikely that there is more than one potential supplier of the service; and
- 4. Authorise the President and Chief Executive Officer to sign the documents and affix the common seal, where required.

MEMORANDUM OF UNDERSTANDING

BETWEEN SHIRE OF WILLIAMS AND WILLIAMS COMMUNITY RESOURCE CENTRE MANAGEMENT COMMITTEE

SHIRE OF WILLIAMS | 9 Brooking St, Williams WA 6391 | T: 9885 1005 F: 9885 1020

Memorandum of Understanding between the

SHIRE OF WILLIAMS ("SHIRE")

and

WILLIAMS COMMUNITY RESOURCE CENTRE MANAGEMENT COMMITTEE ("WCRC");

The purpose of this Memorandum of Understanding (MOU) is to document the conditions under which the Williams Community Resource Centre Management Committee and the Shire of Williams interact. The MOU pertains to the premises use and management, library service and community programs.

The MOU outlines in detail the roles and responsibilities of each of the signatories to the document.

The term of the MOU is for a 24 month period from 1 July 2020 to June 30 2022 in accordance with the WCRC tender with the State Government.

This MOU replaces the previous MOU dated March 2019.

Principles

This agreement takes into consideration the following principles:

- A common interest benefiting and building capacity in the Williams Community
- To operate in synergy towards common goals
- Mutual respect, trust and support of both organisations
- A commitment to open communication regarding services to the Community
- Shared capabilities and resources

This MOU is based around three key areas:

- 1. Premises Asset
- 2. Library Service Program
- 3. CRC Community Programs

1. Premises Asset

• Tenancy

The <u>SHIRE</u> will lease the Community Resource Centre premises with the arrangements between the two parties detailed in this MOU. The arrangements are based on the following:

1. Lease Area

The entire building and surrounding gardens shall be included within the lease area. The <u>WCRC</u> will ensure that a Library area is retained for this purpose, along with an area for The Williams Newspaper.

2. Rental

As at 1 July 2020 the weekly rental for the premises is \$250 in accordance with the Lease Schedule.

3. Insurance

The **<u>SHIRE</u>** will maintain insurance for the building, contents owned by the Shire and public liability to the extent of the Shire's liability.

The <u>WCRC</u> will maintain insurance for professional indemnity, contents owned by the WCRC, volunteer workers and public liability to the extent of the WCRC's liability. The WCRC will provide the Shire with an updated list of all furniture and equipment it owns within the building on an annual basis.

4. Maintenance

The **<u>SHIRE</u>** is responsible for all maintenance and cleaning.

The <u>WCRC</u> shall report any maintenance requirements to the Shire and keep the facilities generally tidy to reduce the amount of cleaning required.

5. Utilities

The **<u>SHIRE</u>** will pay for all power and water

6. Improvements

Any major improvements/alterations shall be approved by the <u>SHIRE</u> and as part of that approval the level of contribution by the Shire will be determined, if any.

7. Equipment

The equipment in the building and a portion of the furniture is owned by the <u>WCRC</u>. An asset list/register is to be kept, and in the event of the WCRC dissolving at any time the equipment and furniture belonging to the WCRC are to be vested to the community.

• Bookings and Hire

The <u>WCRC</u> is responsible for the day-to-day management of the premises in accordance with the Lease and can set and receive fees for the occasional hire of the meeting room and offices. In the instance where the <u>WCRC</u> wishes to sublet a portion of the premises to another party it is to confirm that party is compatible

with the ethics and objectives of both the **<u>SHIRE</u>** and its State Government funding agency.

2. Library Service Program

• Delivery of Library Services

The <u>WCRC</u> will delivery library services to the community, based on a Fee for Service Contract jointly endorsed by the WCRC and SHIRE. The length of this contract must meet the length of time that the WCRC is under contract with the State Government.

• Fixtures and Fitting

The **<u>SHIRE</u>** shall provide fixtures and fittings for the Library. In the event that the WCRC purchases any equipment or fixtures these shall remain the property of the WCRC and will be included on the assets register.

• Expenses

All library expenses shall be met by the **<u>SHIRE</u>**.

Stock

All library stock shall be provided by the **<u>SHIRE</u>** through the State Library Service.

3. WCRC Community Programs

The Shire agrees to support community programs implemented by the WCRC as determined by their engagement of the community and arrangements with the State Government where appropriate. In particular the Shire will provide ongoing support where appropriate in the following complimentary areas:

• Seniors Programs

The <u>WCRC</u> shall decide on the appropriate seniors programs and the <u>SHIRE</u> shall commit to support various activities from time to time upon request. This includes contributions to trips for the seniors.

• Economic and Business Development

The **<u>SHIRE</u>** and the <u>WCRC</u> agree to work collectively to promote economic and business development within the Shire of Williams.

• The Williams Newspaper

The <u>WCRC</u> will maintain an agreement with The Williams Newspaper in regards to use and lease of a portion of the building.

Between the

SHIRE OF WILLIAMS ("SHIRE")

And

WILLIAMS COMMUNITY RESOURCE CENTRE MANAGEMENT COMMITTEE

'WCRC"

Scope:

Delivery of Public Library Services to the Community of Williams in context with community need and State Library of Western Australia parameters. This will be for a 24 month period with a review at the end of that time dependent on WCRC funding arrangements with the State Government.

Deliverables:

The **Williams Community Resource Centre** (WCRC) agrees to deliver the following in return for an annual payment:

- 1. Provide library assistance services to the Community of Williams in accordance with the requirements of the State Library of Western Australia and in context with community need;
- 2. Maintain a sound level of skill to deliver that service;
- 3. Maintain the interlibrary loan service for community needs as per the parameters of the State Library of Western Australia;
- 4. Provide and maintain a safe work environment within the control of the WCRC. Maintain appropriate insurances. These will include Public Risk Insurance up to 20,000,000.00, Volunteer Workers Insurance and Workers Compensation Insurance; and
- 5. Maintain good governance of the centre, which is inclusive of both the WCRC and the Library.

In delivering these services for the 24 months to June 30 2022, the WCRC will achieve the following milestones:

- 1. Maintenance of numbers of people using the library and surrounding space;
- 2. Demonstration of the variety of library programs on offer;
- 3. Provision of annual statistics to the State Library of Western Australia in an accurate timely manner;
- 4. Increase and improvement of the Library space to accommodate a greater area for community inclusion, learning and community connection;
- 5. Provide quarterly reports to the Shire with regards to the above milestones and general operations of the library; and
- 6. Open the Library and adjoining spaces during the opening hours of the WCRC.

The **Williams Shire** agrees to collaborate with the WCRC in the above delivery by:

- 1. Supporting WCRC community engagement and research;
- 2. Providing for library expenses such as AMLIB (Library software) updates, courier services and any other arrangements, which are currently in place with the State Library of Western Australia and the WCRC (this includes negotiable improvements to fixtures, fittings and identified feature books);
- 3. Ensuring the building, fixtures and fittings are maintained and improved upon where agreed by both parties;
- 4. Providing a quarterly payment for the delivery of the above services. The total annual contribution for the term of the agreement will be \$38,698.44, excluding GST.
- 5. This contract is applicable for the 24 month period 1 July 2020 to June 30 2022 and is to be reviewed no less than two weeks leading up to the closing date.

Early termination of this agreement or changes to the above arrangements can be made upon agreement of all parties.

	(COVID-19 Response) Order 2020

Background

At the WALGA State Council Meeting held on the 6 May 2020 a recommendation was considered that included a request to Local Governments to give consideration to the following suite of actions, for Local Governments with the capacity to do so, to provide a coordinated and consistent response to the COVID-19 pandemic:

- a. Consider not increasing rates for the 2020-21 financial year
- b. Adoption of the WALGA template rates hardship policy by Local Governments that do not currently have a policy
- c. Consider rate relief options to support small businesses affected by the COVID-19 pandemic
- d. Review fees and charges considering whether fees can be reduced, waived or deferred during the COVID-19 pandemic
- e. Bring forward capital works and infrastructure spending with aggressive application of reserves and borrowing
- f. Prioritise Local Government spending with businesses and contractors located within the Local Government
- g. Implement business friendly payment terms to support business cash flow
- h. Consider supporting Community sporting and cultural groups by either establishing grant programs or waiving fees and charges
- i. Redeploy staff affected by facility closures to tasks that support the community

Rates Hardship Policy

WALGA has developed a COVID-19 Financial Hardship Policy and is encouraging Local Governments to adopt it. The Shire has a Policy for consideration for alternative arrangements for payment of rates. The WALGA Policy has similar intent but is more specific to the current COVID-19 pandemic. A copy of the WALGA Policy follows.

Local Government (COVID-19 Response) Order 2020

The Minister for Local Government advised that he had made his first Order under the Local Government Amendment (COVID-19 Response) Act 2020 to deal with issues relating

to requirements to hold public meetings, for access to information when council offices are closed due to the COVID-19 pandemic, and budgetary matters.

An extract of the Ministerial Circular published on the 8 May 2020 included the following information:

"Some of these measures will assist ratepayers who have been adversely impacted by this COVID-19 pandemic. As you are displaying through your actions in freezing rates, fees and charges during these extraordinary times, it is vital to maximise assistance to get our economy back on track.

The Order recognises that the local government is in the best position to assess whether a person in their district is in hardship but does provide that those residential and small business ratepayers that are suffering financial hardship because of the consequences of the COVID-19 pandemic will not be charged interest in the 2020/21 financial year. Local governments will be able to assess whether any other ratepayers are in hardship and should be provided with assistance.

Local governments are encouraged to adopt a financial hardship policy. This will address the manner in which the local government will deal with financial hardship that may be suffered by ratepayers and other persons who are required to make payments to the local government. Local governments with such a policy in place will be able to charge a maximum of 5.5% for instalment interest as they are formally recognising and providing for other groups that are in hardship. This recognises that the 5.5% will apply to those who wish to pay by instalments but are not in hardship.

If a local government does not have in place a financial hardship policy, the interest rate that can be charged for payment by instalments will be capped at 3%.

Interest rates that can be charged for late payments are being capped at 8%, which aligns with the interest rate charged by the Australian Taxation Office.

Other measures will directly assist local governments through removing red tape and compliance requirements which are not considered to be necessary while local governments and the community deal with the pandemic. This includes a number of measures that are designed to assist local governments that resolve to not increase the rate in the dollar from those applied last year.

The attachment details the modifications made to the operation of the Local Government Act 1995."

Family Day Care

On the 2 April, 2020 the Australian Government announced a new Child Care Package to support families who are needing child care to continue working through this COVID-19 Pandemic. This new package allows all families to receive their child care for free.

At the April 2020 Ordinary Council Meeting a decision was made to support the Willi Wag Tails Family Day Care Educators with a reduction in the service levy fee they are charged by the Shire. This was in response to the Government introducing a bulk 'Business Continuity Payment (BCP)' to educators that effectively halved their income. FDC Educators are classified as Sole Traders and they have been able to apply for the 'Jobkeeper' payment. The service levy fee was reduced by 50% up to the 22 May 2020 to allow time for the new arrangements to settle and eligibility for 'Jobkeeper' to be explored.

The individual financial circumstances of the Wag Tails Family Day Care Educators has now been assessed and Council is requested to consider a varied support package to continue beyond the 22 May 2020. The package includes:

- 1. Service Levy Fee reduction for all FDC Educators of 50% to 29 May 2020.
- 2. Variable Service Levy Fee for FDC Educators of between 50% and 100% of the scheduled fee, proportionate to the income reduction in the educator's business from the 30 May 2020 to 26 June 2020.

The estimated reduction in revenue resulting from offering this support is:

- 6 April to 29 May (8 weeks) = \$10,020
- 30 May to 26 June (4 weeks) = \$2,150

Section 6.12 of the Local Government Act 1995 states:

6.12. Power to defer, grant discounts, waive or write off debts

- (1) Subject to subsection (2) and any other written law, a local government may
 - (a) when adopting the annual budget, grant* a discount or other incentive for he early payment of any amount of money; or
 - (b) waive or grant concessions in relation to any amount of money; or
 - (c) write off any amount of money, which is owed to the local government.

Strategic Implications

This item aligns with the community's vision and aspirations as contained in the Shire of Williams Strategic Community Plan 2017 to 2032. Specifically, it relates to the following strategy(s):

CL 1.2 Ensure the community remains well informed, well connected and engaged and has the opportunity to actively participate

CL 2.2 Maintain accountability, transparency and financial responsibility.

Financial Implications

The stimulus measures recommended will impact the Shire's revenue this financial year and in 2020/2021.

Officer's Recommendation

That Council implement the following measures in response to the COVID-19 pandemic:

- 1. Adopt the COVID-19 Financial Hardship Policy and include it in the Shire's Policy Manual;
- 2. Note the Local Government (COVID-19 Response) Order 2020 issued by the Minister for Local Government; and

3. Grant a discount of 50% for the hourly Family Day Care Educator's Service Levy Fee for a period from 23 May 2020 to 29 May 2020, and apply a variable Service Levy Fee for Family Day Care Educators of between 50% and 100% of the scheduled fee, proportionate to the income reduction in the educator's business from the 30 May 2020 to 26 June 2020, with delegated authority granted to the Chief Executive Officer to adjust the discount if during this period the Government Child Care Package is modified.

Council Resolution Major/Watt

That Council implement the following measures in response to the COVID-19 pandemic:

- 1. Adopt the COVID-19 Financial Hardship Policy and include it in the Shire's Policy Manual;
- 2. Note the Local Government (COVID-19 Response) Order 2020 issued by the Minister for Local Government; and
- 3. Grant a discount of 50% for the hourly Family Day Care Educator's Service Levy Fee for a period from 23 May 2020 to 29 May 2020, and apply a variable Service Levy Fee for Family Day Care Educators of between 50% and 100% of the scheduled fee, proportionate to the income reduction in the educator's business from the 30 May 2020 to 26 June 2020, with delegated authority granted to the Chief Executive Officer to adjust the discount if during this period the Government Child Care Package is modified.

History Adopted

Policy Statement

To give effect to our commitment to support the whole community to meet the unprecedented challenges arising from the COVID19 pandemic, the Shire of Williams recognises that these challenges will result in financial hardship for our ratepayers.

Statutory contextLocal Government Act 1995Section 6.49 of the ActLocal Government (Financial Management Regulations 1996)

Objectives

This Policy is intended to ensure that we offer fair, equitable, consistent and dignified support to ratepayers suffering hardship, while treating all members of the community with respect and understanding at this difficult time.

Guidelines

This policy applies to:

- 1. Outstanding rates and service charges as at the date of adoption of this policy; and
- 2. Rates and service charges levied for the 2020/21 financial year.

It is a reasonable community expectation, as we deal with the effects of the pandemic that those with the capacity to pay rates will continue to do so. For this reason the Policy is not intended to provide rate relief to ratepayers who are not able to evidence financial hardship and the statutory provisions of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996* will apply.

Procedures

1. Payment difficulties, hardship and vulnerability

Payment difficulties, or short term financial hardship, occur where a change in a person's circumstances result in an inability to pay a rates or service charge debt.

Financial hardship occurs where a person is unable to pay rates and service charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependants. The Shire of Williams recognises the likelihood that COVID19 will increase the occurrence of payment difficulties, financial hardship and vulnerability in our community. This policy is intended to apply to all ratepayers experiencing financial hardship regardless of their status, be they a property owner, tenant, business owner etc.

2. Anticipated Financial Hardship due to COVID19

We recognise that many ratepayers are already experiencing financial hardship due to COVID-19. We respect and anticipate the probability that additional financial difficulties will arise when their rates are received.

We will write to ratepayers at the time their account falls into arrears, to advise them of the terms of this policy and encourage eligible ratepayers to apply for hardship consideration. Where possible and appropriate, we will also provide contact information for a recognised financial counsellor and/or other relevant support services.

3. Financial Hardship Criteria

While evidence of hardship will be required, we recognise that not all circumstances are alike. We will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations:

- Recent unemployment or under-employment
- Sickness or recovery from sickness
- Low income or loss of income
- Unanticipated circumstances such as caring for and supporting extended family

Ratepayers are encouraged to provide any information about their individual circumstances that may be relevant for assessment. This may include demonstrating a capacity to make some payment and where possible, entering into a payment proposal. We will consider all circumstances, applying the principles of fairness, integrity and confidentiality whilst complying our statutory responsibilities.

4. Payment Arrangements

Payment arrangements facilitated in accordance with Section 6.49 of the Act are of an agreed frequency and amount. These arrangements will consider the following:

- That a ratepayer has made genuine effort to meet rate and service charge obligations in the past;
- The payment arrangement will establish a known end date that is realistic and achievable; and

• The ratepayer will be responsible for informing the Shire of Williams of any change in circumstance that jeopardises the agreed payment schedule.

In the case of severe financial hardship, we reserve the right to consider waiving additional charges or interest (excluding the late payment interest applicable to the Emergency Services Levy).

5. Interest Charges

A ratepayer that meets the Financial Hardship Criteria and enters into a payment arrangement may request a suspension or waiver of interest charges. Applications will be assessed on a case by case basis.

6. Deferment of Rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or Seniors Card and Commonwealth Seniors Health Care Card registered on their property. The deferred rates balance:

• remains as a debt on the property until paid;

• becomes payable in full upon the passing of the pensioner or if the property is sold or if the pensioner ceases to reside in the property;

• may be paid at any time, BUT the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement); and

• does not incur penalty interest charges.

7. Debt recovery

We will suspend our debt recovery processes whilst negotiating a suitable payment arrangement with a debtor. Where a debtor is unable to make payments in accordance with the agreed payment plan and the debtor advises us and makes an alternative plan before defaulting on the 3rd due payment, then we will continue to suspend debt recovery processes.

Where a ratepayer has not reasonably adhered to the agreed payment plan, then for any Rates and Service Charge debts that remain outstanding on 1 July 2021, we will offer the ratepayer one further opportunity of adhering to a payment plan that will clear the total debt by the end of the 2021/2022 financial year.

Rates and service charge debts that remain outstanding at the end of the 2021/22 financial year, will then be subject to the rates debt recovery procedures prescribed in the *Local Government Act 1995*.

8. Review

We will establish a mechanism for review of decisions made under this policy, and advise the applicant of their right to seek review and the procedure to be followed.

9. Communication and Confidentiality

We will maintain confidential communications at all times and we undertake to communicate with a nominated support person or other third party at your request.

We will advise ratepayers of this policy and its application, when communicating in any format (i.e. verbal or written) with a ratepayer that has an outstanding rates or service charge debt.

We recognise that applicants for hardship consideration are experiencing additional stressors, and may have complex needs. We will provide additional time to respond to communication and will communicate in alternative formats where appropriate. We will ensure all communication with applicants is clear and respectful.

Local Government (COVID-19 Response) Order 2020

The order deals with issues relating to requirements to hold public meetings, access to information when council offices are closed due to the COVID-19 pandemic, and budgetary matters, including financial hardship of ratepayers.

Specifically, the order provides for:

Clause 2: Commencement

The order comes into effect on the day it is published in the Gazette.

Clause 3: Terms Used

Key terms relate to the definition of an excluded person. This is a residential or small business ratepayer who is considered by the local government to be suffering financial hardship as a consequence of the COVID-19 pandemic.

A small business has the same meaning as under the *Small Business Development Corporation Act 1983*:

a business undertaking which is wholly owned and operated by an individual person or by individual persons in partnership or by a proprietary company within the meaning of the *Corporations Act 2001* of the Commonwealth and which —

- (i) has a relatively small share of the market in which it competes; and
- (ii) is managed personally by the owner or owners or directors, as the case requires; and
- (iii) is not a subsidiary of, or does not form part of, a larger business or enterprise.

Clause 4: Section 5.27 - Electors' general meetings

Section 5.27 of the Local Government Act requires a general meeting of electors to be held once every financial year and within 56 days after the local government accepts the annual report for the previous financial year. Holding such a meeting would breach the prohibition on gatherings direction and could result in health risks to attendees.

The requirement for the holding of a general meeting of electors under section 5.27(2) has been modified so that any meeting for 2019/20 that has not yet been held is to be held within 56 days of the date on which the state of emergency declaration ceases to have effect, but not while a declaration is in effect.

Clause 5: Section 5.28 modified - Electors' special meetings

Section 5.28 requires a local government to hold an electors' special meeting within 35 days of receiving a request from 5% (or 100 if less) of the electors of that district. At least 14 days' notice must be given of the meeting. As above this presents health risks and is contrary to the prohibition on public gatherings.

The requirement for holding an electors' special meeting under section 5.28(4) has been modified so that any meeting is to be held within 35 days after the end of the state of emergency declaration but not while a declaration is in effect.

Clause 6: Section 5.94 modified – Public can inspect certain local government information

Section 5.94 provides a list of information that must be available for inspection free of charge to a person who attends the local government office during office hours. The effect of the pandemic has been to close local government offices, removing the ability for members of the community to access information thereby reducing transparency and accountability. Access to information is likely to become even more important to the community as the length of the state of emergency extends and the economic impacts on local governments and the community become more pressing.

Section 5.94 is modified so that during the closure of a local government office due to the COVID-19 pandemic, the local government is to provide access to the information listed in 5.94 either by having it available on their website or by providing a free copy to the person by mail or email. This does not override the current provisions in section 5.95 which limits access to certain information, including confidential information.

Clause 7: Section 6.2 modified - Local government to prepare annual budget

Section 6.2(2) provides that in preparing the annual budget, the local government is to have regard to the contents of the plan for the future. The aspirations of the community as reflected in the plan for the future are not at the current time the best basis for the 2020/21 budget, but rather the more pressing and unforeseen consequences of the COVID-19 pandemic.

Section 6.2(1) has been modified such that in preparing the budget for 2020/21 a local government is to have regard to the consequences of the COVID-19 pandemic (rather than the plan for the future, although this can also be considered by the local government).

Clause 8: Section 6.13 modified - Interest on money owing to local governments

Section 6.13 allows local governments to charge interest on overdue amounts, with the rate set by the local government in its budget. The rate is capped in the *Local Government (Financial Management) Regulations 1996* at 11%.

Recognising the substantial hardship likely to be caused because of consequences of the pandemic, local governments will be unable to charge interest on money owing by any person they consider to be in financial hardship in these circumstances for the 2020/21 financial year.

Local governments will need to resolve (when setting their interest rate on overdue amounts) that this will not apply to a person who is considered by the local government to be suffering hardship as a consequence of the COVID-19 pandemic.

The interest that can be charged on amounts owing by others will be capped at 8% – the interest rate used by the Australian Taxation Office on overdue amounts.

Clause 9: Section 6.33 modified - Differential general rates

Where a local government is imposing differential rates and the rate to be imposed on one category is more than twice the lowest differential rate to be imposed in another category, Ministerial approval must be obtained under section 6.33(3).

Local governments that resolve to freeze their rates in the dollar at or below those imposed in 2019/20 recognising the economic impacts of the pandemic, are being released from the requirement to obtain Ministerial approval if they obtained Ministerial approval under this section in that year. This reduces the regulatory burden on those local governments that are assisting ratepayers by not increasing the rate in the dollar.

Clause 10: Section 6.34 modified - Limit on revenue or income from general rates

Section 6.34 provides that local governments must set their rates at a level to cover between 90 and 110% of the estimated budget deficiency, unless the Minister otherwise approves. As local governments have been requested to freeze their rate in the dollar, it is likely that, due to the effects of the COVID-19 pandemic, revenue from rates will be less than 90% of the estimated deficiency.

Recognising that local governments are likely to be receiving less income, section 6.34(b) is modified so that the yield from the general rate for the 2020/21 financial year is not to be less than 80% of the amount of the budget deficiency (rather than 90%). Approval for less than 80% (or more than 110%) can still be sought from the Minister for Local Government.

Clause 11: Section 6.35 modified - Minimum payment

Section 6.35 allows a local government to set a minimum payment for rates on any land. Certain conditions apply, including that more than half of the properties in a category cannot be paying the minimum. An exception to this is if there is a differential rating category for vacant land for which a minimum is applied, and if the Minister approves more than half the properties being subject to the minimum.

The effect of this variation is to remove the requirement for Ministerial approval for those local governments that are not increasing their differential rates or minimum payments from 2019/20 and that obtained Ministerial approval for those minimum payments last year. This reduces the regulatory burden on those local governments that are assisting ratepayers by not increasing the rate in the dollar or the minimum payment.

Clause 12: Section 6.36 modified - Local government to give notice of certain rates

Section 6.36 sets out the process that a local government must go through to advertise and set their rates. This requires local governments that are seeking to impose differential general rates or minimum payments to give local public notice and seek submissions for a minimum of 21 days and then consider these submissions before imposing the rates. A document describing the objects of, and reasons for, each proposed rate must be prepared and published on the local government's website.

To address the economic consequences of the COVID-19 pandemic, it is understood that many local governments are in the process of agreeing to freeze their rates in the dollar at the levels imposed in 2019/20. For those local governments, the process set out in 6.36 is unnecessary, meaningless and costly in a time when budgets are being negatively impacted.

Local governments that resolve to set differential general rates and minimum payments at a level no higher than that imposed in 2019/20 will not have to comply with the provisions of section 6.36.

Local governments will be required to publish the differential general rates and minimum payments on their website within ten days of the resolution or of this notice coming into effect whichever is later.

Clause 13: Section 6.45 modified - Options for payment of rates or service charges

Section 6.45(3) allows a local government to charge an additional amount if a payment of rates or service charge is made in instalments. This is capped at 5.5% in the *Local Government (Financial Management) Regulations 1996*.

Recognising the substantial hardship likely to be caused to many ratepayers because of consequences of the pandemic, local governments will be unable to charge excluded persons interest for payment by instalments for the 2020/21 financial year.

If a local government does not have in place a financial hardship policy, the interest rate that they can charge other ratepayers for payment by instalments will be capped at 3%.

Local governments that have a policy in place that addresses the manner in which the local government will deal with financial hardship that may be suffered by ratepayers and other persons who are required to make payments to the local government will be able to charge a maximum of 5.5%. This recognises that the local government will be able to distinguish those that are in hardship and make appropriate provisions regarding their payments.

<u>Clause 14: Section 6.51 modified – Accrual of interest on overdue rates or service</u> <u>charges</u>

Section 6.51 allows local governments to charge interest on overdue amounts of rates and service charges. The rate is set by the local government by resolution when it imposes the rate or service charge. The rate is capped in the *Local Government (Financial Management) Regulations 1996* at 11%.

Recognising the substantial hardship likely to be caused to many ratepayers because of consequences of the pandemic, local governments will be unable to charge excluded persons interest on overdue rates or service charges for the 2020/21 financial year. This will be reflected in a resolution of council when they set the interest rate.

This provides relief for those residential and small business ratepayers who are experiencing financial hardship because of the COVID-19 pandemic. Local governments will determine the applications for hardship.

The interest that can be charged on amounts owing by others will be capped at 8% – the interest rate used by the Australian Taxation Office on overdue amounts.

Clause 13: Section 9.51 modified - Giving documents to local governments

Section 9.51 deals with the giving of documents and states that a document is given to a local government if given personally to an employee of the local government at its office or sent by post to the local government's postal address. A consequence of the pandemic is that any hand delivery is no longer possible.

Section 9.51 has been modified so that a document may be given to a local government electronically.

Background

Lots 214 and 215 have been developed with a bakery and shop (general store / supermarket). Lot 214 has an area of 496m² and Lot 215 has an area of 526m².

Location Plan compiled by TPI

Council considered an application for alterations and additions to the existing building at the Ordinary Meeting held on the 21 August 2019. Delegated authority was granted to the Chief Executive Officer to determine the application and allow for advertising to be completed.

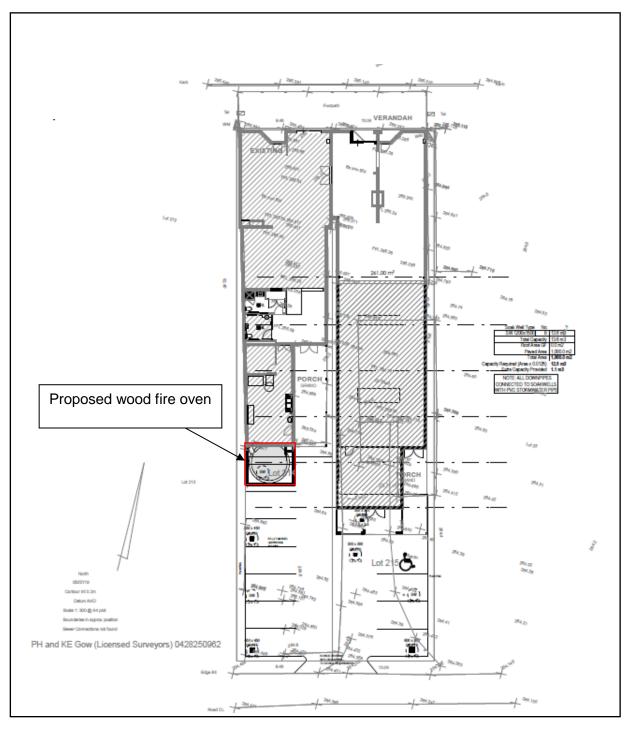

Planning approval was issued by the Shire on the 6 September 2019 subject to conditions, including provision of 8 car parking bays to the rear of the building.

The existing development is located opposite to the Shire Offices.

Comment

Proposed Development

A planning application has been lodged to extend the approved shop (bakery) on Lot 214, to incorporate a wood fire oven to the rear. A site plan is included below.

The bakery is a shop which is a use that has already been approved. The applicant has however clarified as part of this application that the bakery will include dine in seating, will

offer coffee, afternoon tea and may also open for lunches. They anticipate a maximum seating capacity of approxmate 15 to 20.

The dine in component is construed as a restaurant which is a permitted use in the Commercial zone.

• Landuse Permissibility

Lots 214 and 215 are zoned 'Commercial' under the Shire of Williams Town Planning Scheme No 2 ('the Scheme').

A 'shop' has already been approved on both lots and is permitted in the Commercial zone and is defined as 'means a building wherein goods are kept, exposed or offered for sale by retail, but does not include a bank, fuel depot, market, service station, milk depot, marine collectors yard, timber yard or land and buildings for sale of vehicles or for any purpose falling under the defition of industry'.

The dining in component of the bakery is construed as a 'restaurant' which is defined as 'means a building wherin food is prepared for sale and consumption within the building and the expression shall include a licenced restaurant, and a restaurant at which food for cunsuption outside the building is sold where the sale of food for consuption outside the building is not the principla part of the business'.

Carparking

The previous planning application proposed new rear car parking on both Lots 214 and 215. The existing 2019 planning approval requires 8 car parking bays to be provided on site.

The current application shows 10 car parking bays to the rear of the existing building. Only 8 car parking bays are supported as 2 have insufficient reversing areas/ distances.

It is anticipated that the majority, if not all, of customers will use the available street car parking. There is a significant number of on street carparking bays which service existing developments in the Commercial zone.

There are least 26 bays immediately in front of Lots 214 and 215 on Brooking Street (both sides). There is on street parking west of Growse Street along Brooking Street, and a carpark on Reserve 19378. Reserve 19378 services the Shire Offices but has capacity to also accommodate public parking.

Customers attending the bakery/restaurant/shop on Lots 214 and 215 will most likely park in the street and visit several places of business in the Williams town centre in one trip. The existing carparking along Brooking Street has a high level of reciprocity as it services several businesses.

The development is consistent with the Policy intent of the Commercial zone as Clause 4.7 states that 'new developments should be encouraged in the form of small complexes of interelated buildings'. The development on Lots 214 and 215 are one interelated building.

On street carparking forms part of the nature of the existing Commercial zone and there is no evidence that existing public carparking in the area is deficient – refer map below.

Car parking is not considered to be an impediment to the proposal. There is no specific car parking requirement for a restaurant under the Shires Scheme.

POLICY REQUIREMENTS:

Not applicable.

LEGISLATIVE REQUIREMENTS:

Planning and Development (Local Planning Schemes) Regulations 2015

The Regulations include 'deemed provisions' which automatically apply to the Shire, without the need to amend the Shires Scheme.

Regulation 67 of the deemed provisions outlines '*matters to be considered by Council*' including but not limited to orderly and proper planning, the compatibility of the development with its setting including the relationship to development on adjoining land, the amenity of the locality, the adequacy of proposed means of access to and from the site, the amount of traffic to be generated by the development, and any submission received.

Consultant Planner's Recommendation

That Council:

Approve the application for an extension to the existing shop (including a bakery and restaurant) on Lots 214 and 215 Brooking Street Williams subject to the following conditions and footnotes:

- 1. The plans lodged with this application dated 24 March 2020 or any revised plans approved under Condition 1 or 2 shall form part of this planning approval. All development shall be in accordance with the approved plans unless otherwise approve in writing by the Chief Executive Officer.
- 2. Prior to the issue of a building permit the owner/ applicant shall lodge a revised site plan for separate written approval by the Chief Executive Officer that includes:
 - (a) A minimum of 7 car parking spaces measuring 2.5 metres x 5.5 metres with 6 metre reversing area;
 - (b) One disabled car parking bay.
- 3. Prior to occupation or use of the development, vehicle parking, manoeuvring and circulation areas shall be designed and constructed to a trafficable standard to the satisfaction of the Chief Executive Officer.
- 4. Any disabled bay must be clearly sign posted to the satisfaction of the Chief Executive Officer.
- 5. All stormwater from roofed and paved areas shall be collected and disposed of onsite and any associated drains and soak wells shall be maintained in a clean and clear condition. All drainage to be fully contained within the property boundaries

with no water discharge into adjacent land or road reserve unless otherwise approved in writing by the Chief Executive Officer.

- 6. All car parking bays in the car park are to be made available at all times for the parking of vehicles by employees. All staff car parking shall be fully accommodated within the lot boundary.
- 7. No dividing fence, bollards or other structures that interfere with the parking of vehicles in the car park on Lots 214 and 215 are to be erected. The shared internal access and car parking is to be made available to service both lots at all times.
- 8. If lighting is installed in the car parking area, all illumination shall be confined within the property boundaries.
- 9. If the development, the subject of this approval is not substantially commenced within a period of 2 years, the approval shall lapse and be of no further effect. <u>Footnotes:</u>
 - (i) The Shire has not approved 3 car parking bays on the site plan located to the immediate west of the rear building addition as they have insufficient reversing area for practical use and inadequate manoeuvrability.
 - (ii) The approved land use for Lots 214 and 215 includes shop and a restaurant (which allows for dine in seating). The bakery can operate under the shop use. A separate planning approval for other alterations/ additions and a shop use was already issued by the Shire on the 6 September 2019.

Council Resolution

Major/Price

That Council:

Approve the application for an extension to the existing shop (including a bakery and restaurant) on Lots 214 and 215 Brooking Street Williams subject to the following conditions and footnotes:

- 1. The plans lodged with this application dated 24 March 2020 or any revised plans approved under Condition 1 or 2 shall form part of this planning approval. All development shall be in accordance with the approved plans unless otherwise approve in writing by the Chief Executive Officer.
- 2. Prior to the issue of a building permit the owner/ applicant shall lodge a revised site plan for separate written approval by the Chief Executive Officer that includes:
 - (a) A minimum of 7 car parking spaces measuring 2.5 metres x 5.5 metres with 6 metre reversing area;
 - (b) One disabled car parking bay.
- 3. Prior to occupation or use of the development, vehicle parking, manoeuvring and circulation areas shall be designed and constructed to a trafficable standard to the satisfaction of the Chief Executive Officer.
- 4. Any disabled bay must be clearly sign posted to the satisfaction of the Chief Executive Officer.
- 5. All stormwater from roofed and paved areas shall be collected and disposed of onsite and any associated drains and soak wells shall be maintained in a clean and clear condition. All drainage to be fully contained within the property boundaries with no water discharge into adjacent land or road reserve unless otherwise approved in writing by the Chief Executive Officer.
- 6. All car parking bays in the car park are to be made available at all times for the parking of vehicles by employees. All staff car parking shall be fully accommodated within the lot boundary.
- 7. No dividing fence, bollards or other structures that interfere with the parking of vehicles in the car park on Lots 214 and 215 are to be erected. The shared internal access and car parking is to be made available to service both lots at all times.
- 8. If lighting is installed in the car parking area, all illumination shall be confined within the property boundaries.

9.	withir	e development, the subject of this approval is not substantially commenced in a period of 2 years, the approval shall lapse and be of no further effect.
	<u>Footr</u>	notes:
	(i)	The Shire has not approved 3 car parking bays on the site plan located to the immediate west of the rear building addition as they have insufficient reversing area for practical use and inadequate manoeuvrability.
	(ii)	The approved land use for Lots 214 and 215 includes shop and a restaurant (which allows for dine in seating). The bakery can operate under the shop use. A separate planning approval for other alterations/ additions and a shop use was already issued by the Shire on the 6 September 2019.

8.1.6 DEVELOPMENT APPLICATION - SHED ON LOT 237 (138) NARROGIN ROAD, WILLIAMS

File Reference	10.64.20
Statutory Ref.	Shire of Williams Town Planning Scheme No.2
Author & Date	Geoff McKeown 14 May 2020

Background

A development application has been received from Mr Terry Tyler seeking approval to construct a 10m x 16m workshop shed and a 7.5m x 14m storage shed on Lot 237 (138) Narrogin Road, Williams.

Mr Tyler intends to use the sheds as a workshop and storage for personal use. This activity is a permitted use in the 'industrial' zone.

Comment

An aerial photo below show the Lot 237:

Description of Proposed Buildings

The applicant proposes to construct two (2) new sheds. It states that cladding will be zincalume for the workshop and a combination of zincalume and Colorbond for the storage shed. The Shire's Town Planning Scheme states that zincalume or reflective materials are not permitted for construction of new industrial buildings.

Council has discretion to vary the Scheme where it considers that requiring the materials to be non-reflective may result in 'undue hardship' or 'be contrary to the interests of the area'. Where Council seeks to waive a requirement of the Scheme it has to advertise the proposal.

Zincalume materials have already been extensively used in this established Industrial zone. Zincalume materials form part of the existing streetscape and established character of the area.

It is recommend that Council include in the advertising of this development that zincalume may be used and seek comment on this during the public submission period.

• Setbacks

Under Clause 4.6(4)(a) of the Scheme a minimum front and rear setback of 16.5 metres is required in the industrial zone. Side setbacks are at the discretion of Council.

The applicant proposes an 8 metre building setback at the front and 5 metre setback at the rear in lieu of the required 16.5 metres. This is in keeping with other buildings on the Narrogin Road.

Council has discretion under the Scheme to waive the minimum setback where it 'would result in undue hardship' or 'be contrary to the interests of the area'.

This report is supportive of the proposed setback variation as:

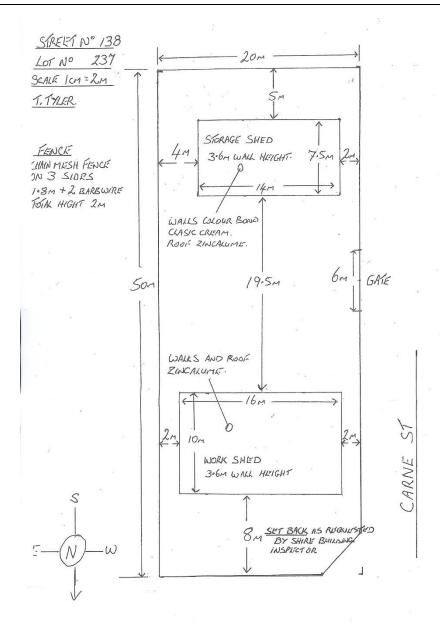

- The other properties have a similar building setback.
- The building setback variation will not have a negative impact.

- Rigidly applying the 16.5 metre minimum setback without having regard for specific development plans would or 'be contrary to the interests of the area'.

Under Clause 2.11 of the Scheme, Council has to give notice of its intention to waive a Scheme requirement which entails advertising the issue for 14 days. An advertising sign can be erected on the site inviting submissions within the advertising period.

• Proposed land-use

This application proposed that the building will be used as a workshop and storage for personal use.

NARROGIN ROAD

• Relevant State Planning Policies and Guidelines – Bushfire Prone Areas Under the 'deemed provisions' of the Planning and Development (Local Planning Schemes) Regulations 2015 Council is to have 'due regard' to any state planning policy. This essentially means Council has an obligation to give proper, genuine and realistic consideration to the requirements of 'State Planning Policy 3.7: Planning in Bushfire Prone Areas' (SPP 3.7).

The Shire has a mandatory obligation to consider SPP3.7 when making a decision on any application where the lot is within a designated bushfire prone area.

The Western Australian Planning Commission released SPP3.7 and associated Guidelines for Planning in Bushfire Prone Areas ('the Guidelines') in December 2015. These documents apply to all land identified as Bushfire Prone.

Mapping identifying Bushfire Prone Areas is available through the Department of Fire and Emergency Services website. Lot 237 is within the declared bushfire prone area (pink area) as shown on the following plan.

Under Clause 5.4 of the Guidelines all planning applications in Bushfire Prone Areas are to be accompanied by a BAL (Bushfire Attack Level) assessment.

A BAL examines the location of proposed development, distance to vegetation, type of vegetation within 100 metres, slope <u>and determines whether higher</u> <u>construction standards should be imposed to reduce bushfire risk</u>.

It is recommended that the application be determined without a BAL for the following reasons:

- A BAL for non-habitable development only influences siting of buildings (setbacks to vegetation).
- The bushfire construction requirements of the Building Code of Australia only apply to certain types of residential buildings (being Class 1, 2 or 3 buildings and/or Class 10a buildings or decks associated with a Class 1, 2 or 3 building) in designated bushfire prone areas. Whilst this is a Class 10a building it is not associated with any other residential building
- Under the Bushfire Guidelines the applicant has discretion as to whether they choose to build to a higher construction standard, and it is not compulsory. In this circumstance a BAL at the planning stage is considered onerous.

• Advertising / Delegated Authority

As the Scheme requires advertising of the request for a reduced setback and the use of zincalume cladding, Council will be able to determine the planning application following close of public submissions.

To expedite processing of the application it is further recommended that Council delegate authority to the Chief Executive Officer to determine the application after completion of advertising, subject to no adverse submission being received.

Policy Requirements

Legislative Requirements

<u>Shire of Williams Town Planning Scheme No 2</u> – The majority of the Scheme requirements are explained in the body of this report.

Clause 2.6 outlines methods for advertising (sign, newspaper or letters to neighbours) and stipulates a minimum advertising period of 14 days.

Clause 2.11 relating to 'Waiving the provisions of the Scheme' states that 'where the Council considers application of the provision of Parts 4 and 5 of the Scheme would result in undue hardship, or be contrary to the interests of the area it may, after giving notice of its intention in accordance with Clause 2.6, waive the requirements of the provision except that Council shall not waive the requirements of either Table 1 or Clause 5.6'.

<u>Planning and Development (Local Planning Schemes) Regulations 2015</u> - The Planning and Development (Local Planning Schemes) Regulations 2015 were gazetted on 25 August 2015, and became effective on 19 October 2015.

The Regulations have introduced 'Deemed Provisions' that automatically apply to every Local Planning Scheme in Western Australia including the Shire of Williams Town Planning Scheme No 2.

The deemed provisions mainly deal with administrative matters and procedures that are commonly contained in most local planning schemes including local planning policies, heritage protection, structure plans, requirements for development approval, the form of development applications, advertising, enforcement and administration.

Regulation 67 outlines 'matters to be considered by Council' including and not limited to the aims and provisions of the Scheme, orderly and proper planning, any approved state policy, the compatibility of the development with its setting including to development on adjoining land, amenity, loading, access, traffic and any submissions received on a proposal.

Strategic Implications

This item aligns with the community's vision and aspirations as contained in the Shire of Williams Strategic Community Plan 2017 to 2032. Specifically, it relates to the following strategy(s):

CL 4.4 Monitor and ensure compliance with regulatory framework for local government business.

Financial Implications

The Applicant will pay a fee of \$224.00 for consideration of the development application.

Background

The purpose of this Agenda Item is to report to Council for endorsement, the use of the Common Seal and actions performed under delegated authority requiring referral to Council.

There is a requirement under the Local Government Act 1995 that the Delegations Register is reviewed annually by Council. A procedure included in the Delegations Register is to report to Council the activities or actions that have been performed under delegated authority. A report will be completed for Council at each meeting that identifies: (1) use of the Common Seal, and (2) actions performed under the delegated authority requiring referral to Council as per the Delegations Register.

Comment

Actions performed under delegation during the preceding month is provided below:

• Investment of Shire Monies – Delegation LGA4

Delegation - The Chief Executive Officer has delegated authority, subject to Part 3 of the *Trustees Act 1962*, to invest money held in the Municipal Fund or the Trust Fund that is not, for the time being, required by the local government for any other purpose.

Action - The Chief Executive Officer approved a transfer of:

1. \$182,198.00 from the Municipal Fund Cash Management Account to the Municipal Fund for payment of creditors.

• Payment of Creditors – Delegation FMR1

Delegation - Under section 5.42 of the Local Government Act 1995, the Chief Executive Officer is delegated to exercise the powers or discharge the duties of the Council under Regulation 12 of the Local Government (Financial Management) Regulations 1996, in regard to the making of payments from the municipal and trust funds.

Action - Payments from the Municipal Fund and Trust Fund as per financial report attached to this Agenda.

Strategic Implications

This item aligns with the community's vision and aspirations as contained in the Shire of Williams Strategic Community Plan 2017 to 2032. Specifically, it relates to the following strategy(s):

- CL 2.2 Maintain accountability, transparency and financial responsibility.
- CL 4.4 Monitor and ensure compliance with regulatory framework for local government business

Financial Implications

Payments from the Municipal Fund and Trust Fund have been approved in the 2019/20 Annual Budget or by separate resolution of Council.

Background

Section 5.38 of the Local Government Act 1995 provides that, for a CEO who is employed for a term of more than one year, the performance of a CEO is to be reviewed formally at least once in every year of their employment.

Any changes to the CEO's performance agreement, such as changes to key result areas should also be discussed, and agreed to, between the Council and the CEO, as the matter arises.

Further, the CEO's current contract expires on the 6 December 2020. Section 5.39 of the Act states that employment of the CEO is to be governed by a written contract.

Comment

A review of performance has been undertaken with the assistance of an independent consultant. An Assessment Report and information to inform the annual remuneration review for the CEO has been provided to Councillors and the Review Committee comprising the President and Deputy President. Discussion of this matter is considered to be confidential in nature as it relates to a matter affecting an employee. As such the Council can close the meeting to the public. The relevant section of the *Local Government Act* 1995 reads in part as follows:

5.23. Meetings generally open to public

- (1) Subject to subsection (2), the following are to be open to members of the public
 - (a) all council meetings; and
 - (b) all meetings of any committee to which a local government power or duty has been delegated.
- (2) If a meeting is being held by a council or by a committee referred to in subsection (1)(b), the council or committee may close to members of the public the meeting, or part of the meeting, if the meeting or the part of the meeting deals with any of the following
 - (a) a matter affecting an employee or employees; and

Strategic Implications

Background

Council has delegated, to the Chief Executive Officer, the exercise of its power to make payments from the Shires municipal or trust account. In exercising their authority, and in accordance with the Local Government (Financial Management) Regulations 1996, it is a requirement to produce a list of payments made from Council's Municipal Fund and Trust Fund bank accounts to be presented to Council in the following month.

Statutory Implications

Local Government (Financial Management) Regulations 1996 - Reg 13

(1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —

- (a) the payee's name; and
- (b) the amount of the payment; and
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.

Comment

Background

In accordance with the Local Government Act 1995, a statement of financial activity must be presented at an Ordinary Meeting of Council. This is required to be presented within two months, after the end of the month, to which the statement relates.

The statement of financial activity is to report on the revenue and expenditure as set out in the annual budget for the month, including explanations of any variances. *Regulation 34*, from the *Local Government (Financial Management) Regulations 1996* sets out the detail that is required to be included in the reports.

Statutory Implications

Local Government (Financial Management) Regulations 1996 - Regulation 34.

Comment

The attached monthly financial statements and supporting information have been compiled to meet compliance with the *Local Government Act* 1995 and associated Regulations.

Strategic Implications

This item aligns with the community's vision and aspirations as contained in the Shire of Williams Strategic Community Plan 2017 to 2032. Specifically, it relates to the following strategy(s):

INFORMATION

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of Local Government (Financial Management) Regulations 1996, Regulation 34 . Note: The Statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not in-consistent with the Local Government Act 1995 and accompanying regulations), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 9.

SIGNIFICANT ACCOUNTING POLICIES

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

KEY TERMS AND DESCRIPTIONS FOR THE PERIOD ENDED 30 APRIL 2020

KEY INFORMATION

▲▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold. Refer Note 2 for an explanation of the reasons for the variance.

The material variance adopted by Council for the 2019/20 year is \$5,000 or 5% whichever is the greater. This statement is to be read in conjunction with the accompanying Financial Statements and notes.

NOTE 1(a) NET CURRENT ASSETS

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

EMPLOYEE BENEFITS

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows: (i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs. (*ii*) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

PROVISIONS

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

INVENTORIES

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Please see Note 1 (a) for information on significant accounting policies relating to Net Current Assets.

KEY INFORMATION

The amount of the adjusted net current assets at the end of the period represents the actual surplus (or deficit if the figure is negative) as presented on the Rate Setting statement.

NOTE 2 EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.

The material variance adopted by Council for the 2019/20 year is \$5,000 or 5% whichever is the greater.

Receivables - General

Receivables - General

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

SIGNIFICANT ACCOUNTING POLICIES

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

SIGNIFICANT ACCOUNTING POLICIES

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.
